**Meet Ofer**  
His future is in your hands...

CHW

## Before CHW, Ofer's future was bleak...

Before CHW, Ofer constantly was moved from place to place. His mother, a single parent, could only rely on sporadic childcare, as she worked during the day. With no family to help and her resources growing thin, Ofer's mother almost left her job to take care of him.

Fortunately, the CHW Sponsor A Child Program stepped in to help. Now, a CHW Daycare provides the safe haven Ofer and his mother need. Ofer's mother is relieved that he has a quality "home away from home" during the day. Every day Ofer plays with other children and is cared for in an enriching and loving environment.
